Football Situation Clouded at Last.

ROBERT M. HENRY.
The football situation in the Pacific Coast has been clouded for some time, but it is now being cleared up. The football committee of the Pacific Coast Athletic Association has decided to hold a tournament in the Pacific Coast region, which will be staged in Bay City, Michigan, on Saturday.

Our old friend, Jim Flynn, who put him to sleep in the second round last night at Tulsa, Okla. A trip to St. Louis last night didn't surprise either Jim or his friends.

DEMPSEY FINISHES MORRIS.

NEW ORLEANS, Dec. 16.—Jack Dempsey of Utah, claimant of the heavyweight championship, knocked out Carl Morris of Oklahoma in the first round of their scheduled twenty-round bout here tonight, after one minute of fighting.

The knockout blow was a short left hook to the stomach, delivered during a period of hard fighting. Many of the 7000 spectators believed for a time that Morris had slipped and fallen, as the blow was visible only to those near the ring.

The bout started with a break exchange of short jabs. After breaking from the clinch, Dempsey rushed Morris near the ropes and during the infighting delivered the final blow. Morris did not regain consciousness for four minutes.

Dempsey weighed in at 184 pounds and Morris at 220. They received \$4000 and \$1250, respectively. The Utah boxer was a favorite in the betting, as high as 5 to 1, that he would knock out Morris, and 5 to 1 that the Oklahoma would not last three rounds. The bout was held in an open-air arena.

FLYNN KNOCKED OUT.
TULSA (Okla.) Dec. 16.—Billy Mike of St. Paul knocked out Jim Flynn of Pueblo, Colo., in the second round of a scheduled fifteen-round fight here tonight. Flynn was knocked down twice before taking the first round, the bell saving him in the first round.

PEPPER SAUCE AT VERNON TONIGHT.

With what promises to be a hammer and tongs main event and a tough semi-windup, backed up by four good preliminaries, the weekly boxing show will be held at the Vernon arena tonight.

The main event will be a return match between Sailor Kramer and Tommy Nelson. The two boys earned the main event by putting up a sensational semi-windup last week. On that occasion Nelson took the decision, but Kramer made a great showing, almost knocking Nelson out in the first round. Kramer showed more class than in his sensational bout with Kid Mendez and will be well backed in his battle tonight.

In the semi-windup, Young Brown will try out Danny Frush. The latter claims to have had considerable ring experience and asked for a main event, but was told that he would have to take a tryout against Brown for a starter. If he can get away with Brown he will be in line for better matches.

Red Mathews is ready to battle again and will meet Gene Watson. Mathews made a big hit at Vernon some months ago by his heavy hitting and his friends are confident that he will take Watson's measure.

Louie Garcia is matched with Young Farrell. Eddie Nelson meets Howard Watson and Frankie Marrow and Joe Gomez will furnish the curtain raiser.

Tommy McFarland will be the third man in the ring.

SCHOOL TEAMS TO BATTLE TOMORROW.

Maneuvering under the name of the Southwest Club and the Poly Club, the two football teams of Manual Arts and Polytechnic High schools will meet on the gridiron at Eward Field next Wednesday.

These two squads showed good signs of developing into the strongest of the city league eleven before the flu had its innings and closed down on football practice. Manual Arts had started on its conquering way and even defeated the Whittier State School. Poly has had the advantage of several practice scrimmages with the U.S.C. bunch and also journeyed down to the Sub Base to engage with the deep sea sailors, accumulating quite a little of the art of football, in so doing, which will stand the eleven in good use when it meets the Manual Arts line-up.

Sid Foster's team has been weakened by the loss of Capt. Erb at end and Emmons at center. However, the coach will put in Walt O'Brien in Erb's place, and hints that he has found a dark horse to take the place of Emmons.

Bill Haney, of the Poly Club, refuses to show his hand, but when the day comes will probably spring a surprise in the line-up of his first string men. Capt. Schofield, who has the reputation of being a great little ground gainer, has been shifted to the backfield.

INVITE ANGELES TO ENTER BOATS.

The American Power Boat Association has extended an invitation to Los Angeles to enter a motor boat in the gold cup race to be held in Detroit in 1919. The courtesy comes to local sportsmen through the Los Angeles Chamber of Commerce.

It is the belief of local motor boat enthusiasts that if Detroit would take a part in the Santa Monica Island perpetual trophy race, more interest would be felt by Angelenos in the coming Detroit event.

Frank Higgins, secretary of the Chamber of Commerce, may be called upon for further detail.

PITTSBURGH TEAM'S WONDERFUL RECORD.

University of Pittsburgh football team won thirty consecutive games, beginning the 1915 season and continuing until the Cleveland marines stopped them recently. During that period the Panthers totaled 893 points to opponents' points. In their victorious march they beat Pennsylvania State, University of Pennsylvania and Washington and Jefferson four times each, Westminster and Carnegie Tech three times each, Annapolis, Allegheny and the University of Maryland twice each, and the State title being out of the way.

ROBERTSON WILL RETURN TO PENN.

Lieut. Lawson Robertson, coach of the University of Pennsylvania football team, who has been attached to an aviation corps, will resume his coaching of the Red and Blue cadets about January 1, 1919. Capt. Sherman Landers, Elmer Smith and the quarter-back, Everett Smalley, are among the athletes to return to college.

COOMBS FOR PHILLIES.

PHILADELPHIA, Dec. 16.—John W. Coombs, veteran pitcher, who was with the Brooklyn team last season, has signed with the Philadelphia Phillies. Coombs is expected to receive a salary of \$7000, with a bonus if he pitches the team to a pennant.

Gifts That Are Welcomed Because They Bring Pleasure

COBB BACK, TO QUIT GAME.

NEW YORK, Dec. 15.—Ty Cobb, Detroit's great batter and outfielder, hopes to quit baseball. He so stated today on his return from France, where he served as a captain in the army. He had no intention, at present, he said, of signing up again, although he admitted that baseball still had for him "a terrible fascination."

"I'm going down to my home in Augusta, Ga., and rest several months," said Cobb. "I intend to break away from baseball. I'm tired of it. I've had fifteen years of it, and I want to quit while I'm still good. Fascination of the game has its hold on me, but I shall make every effort to tear away from it, and not sign with any club again."

"When I say this, I naturally presume that the release that the managers gave us last fall, with its ten days' notice, is binding, and that they have no legal strings on me now. I hope so, at least."

"I've made no plans, whatever ahead of my rest. I haven't a profession, as I left school at 17 to play ball."

Cobb declared the war had rejuvenated baseball and that "it's going to boom this season as it has never done before." He explained that when the armistice was signed he had just finished his training and expected to be assigned to a division which would soon see "some real action."

Declaring that the American army has the "finest personnel on earth, with everyone on his toes and wide awake every minute," Cobb said that "a lot of that can be credited to baseball and its close association with the American boy."

I am Sincere! Stop Calomel!

I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work.

Calomel is mercury, or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile glands, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and cannot salivate, give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

Learned Rivington in a Day.
The rapidly with which man power may be converted to war uses is illustrated in the cases of three applicants for work at the Hog Island shipyard. Raymond Curatola, Fred Rolier and Arthur Burnley entered the riveting school for a ten days' course, which would fit them for regular employment. In twenty working hours they were handling the pneumatic hammer and punch with such dexterity that they were told to report for work. Curatola had been a chauffeur; Rolier, a mechanic; and Burnley, a horse-shoer.

The Hog Island training school equips for shipbuilding constantly large numbers of employees furnished by the United States employment service.

DRAW UP RULES FOR

NEW APPEAL COURT

SUPREME BENCH FORMULATES REGULATIONS; IMPORTANT CHANGES EFFECTIVE.

Although the appointments of Judges Finlayson, Thomas and Sloane, to be members of what is to be known as Division No. 2, of the District Court of Appeal, will not be officially announced by Gov. Stephens until January 1, the State Supreme Court has formulated a set of rules for the government of the Supreme Court, and the additional divisions of the District Court of Appeal by the recently-adopted Constitutional amendment.

The rules are much the same as those under which the Supreme Court and the District Court of Appeal have heretofore operated, except that their former important amendments of interest to litigants and the legal profession. They go into effect March 1.

One of the new rules provides for the examination of applicants for admission to the bar by the two divisions of the District Court of Appeal, and San Francisco, by providing that those examinations in the city and San Francisco, by the Division No. 1, and in the even numbered years by Division No. 2. The time within which briefs on appeals are heard at present in April and October of each year. The new division can select two other months, six months apart.

It was understood that the clerical work for both divisions will be done by the present clerical force, with a portion of the staff of the court shall later on be named.

STABBED BOY BETTER.

Lad who was bayoneted is in Favorable Physical Condition, Physicians Report.

Ezekiel Trens, the youth who was stabbed with a bayonet last week by Private M. W. Young of the First Cavalry, is in a favorable physical condition yesterday, according to Dr. J. H. Turner, medical director of the County Hospital. While Trens took a turn for the worse Sunday, it was said yesterday that he was in a much better condition. He says he has constantly told the boy to keep up his courage, and that he was in a much better condition. He says he has constantly told the boy to keep up his courage, and that he was in a much better condition.

Private Young will be given a preliminary hearing before Justice of the Peace Forbes on December 23 on a charge of assault.

MISSION DUE FRIDAY.

Number of Engagements Made for Second Party of French Lecturers in Los Angeles.

The second party composing the French mission, which is headed by Casamian is chairman will arrive in Los Angeles Friday morning. It is composed of Col. Reinach, Dr. and Mrs. Burnet and Seymour de Richi. The members of the mission are to give lectures and engagements have been made for them at the University of Southern California, the Municipal League, City Club, Ruskin Art Club and the State Normal School.

Prof. Casamian, Mrs. Casamian and Charles Koehlin, composing the first part of the mission, were obliged to leave for San Francisco. For this reason the lecture by Prof. Casamian scheduled to be given today under the auspices of the Hollywood Women's Club has been canceled.

During the greatly curtailed visit to Los Angeles, the French mission, the Extension Division of the University of California was able to arrange a number of lectures, on Sunday morning, at the Unitarian Church, a large audience listened with intense interest to the scholarly address on reconstruction.

FRATERNITY MEN DID IT, DECLARES OFFICER.

ACTS OF VANDALISM AT LONG BEACH POLYTECHNIC HIGH MAY LEAD TO ARRESTS.

LONG BEACH, Dec. 18.—That the recent destruction of the Long Beach Polytechnic High School with daubs of paint, the hanging of Principal David Bircham of the institution, in effigy, across the intersection of Sixteenth street and Atlantic avenue, with other acts of vandalism recently committed about the premises of the high school were accomplished by students now attending the school, and not outsiders, as was reported, was the declaration of Detective Earl Winters, of the Long Beach police department, today.

Winters, who is investigating the recent outrages, says the perpetrators are among the students existing in the school in violation of the State law. The police officer says he has discovered where the paint was used to embellish the building was purchased, that he has clues which should lead to an early arrest of the band of vandals. Investigation has revealed, he declares, that the painting and the stringing up of the dummy upon which was painted the initials of the principal, was the aftermath of an anti-war that caused an upheaval in the school a few years ago. The perpetrators of the recent acts of vandalism are said to have been actuated particularly by enmity for Principal David Bircham and Vice-Principal Mack Erwin.

Despite all efforts to eliminate them, it is alleged that fraternities are still active in the school and in the local high school for years.

Why Do You Neglect Your Teeth

I have removed the dread of the dental office, for I can do your dental work painlessly. Toothache takes your mind off of business and is disastrous to your health. The mouth should be kept clean—free from pyorrhea, cavities, dead teeth and old roots which sap vitality and are so unbecoming to youth and beauty. A good set of well-kept teeth is your best recommendation when applying for a position. You do not need plates if you have a few good teeth remaining. I can make replacements, as shown in the illustration, which will be just as good "as Nature's own." I will be glad to make an examination absolutely free.

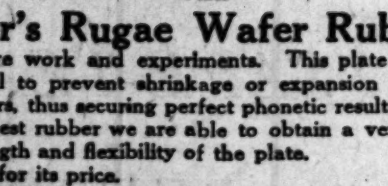

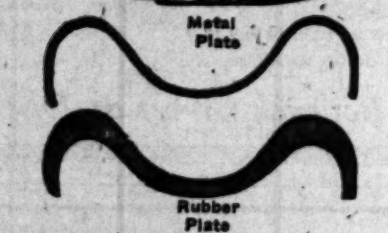

Dr. Foster's Restoration Plate

is the best of the kind, giving back the fullness to the cheeks and youthful expression to the lips and mouth.

Modern Scientific Dentistry

Absolutely PAINLESS Methods

Dr. Foster's Rugae Wafer Rubber Plate

is the result of extensive work and experiments. This plate is of uniform thickness—vulcanized against metal to prevent shrinkage or expansion and exactly reproducing the mouth which it covers, thus securing perfect phonetic results. By the use of the very best rubber we are able to obtain a very hard, smooth surface, which increases the strength and flexibility of the plate. This plate has no equal for its price.

WILL PAY FINES AND LEAVE JAIL

Sentences of Dato and Trens Commuted by President.

Brother of Bayoneted Boy One of the Two Freed.

Money Penalty Doubled and Imprisonment Canceled.

President Wilson has commuted the sentences of Trens Dato, a brother-in-law of Gov. Esteban Cantu of Lower California, and Julian Trens, a young Spanish broker, convicted before a jury in United States District Judge Bledsoe's department on November 10, 1917, for violation of the neutrality proclamation issued by President Wilson in October, 1915, forbidding shipment or transportation of firearms and ammunition across the Mexican border. The action was taken on the recommendation of United States Attorney J. Robert O'Connor, made to Atty.-Gen. Gregory.

Julian Trens is the brother of Eusebio Trens, the 18-year-old boy bayoneted by a guardsman at the Liberty Fair last Thursday. Julian submitted to a transfusion operation at the County Hospital, six ounces of blood being taken from him for injection into his wounded brother. Another brother, Albert, was killed in a motorcycle accident last November.

Dato and Trens were sentenced to ten months in the Los Angeles County Jail and to pay a fine of \$2500 each. Under the terms of the commutation, on the payment of a lump sum of \$5000 by the two men, the jail sentence is abrogated. The money will be paid today into the federal court by their attorney, A. I. McCormick. Following the conviction of the men an appeal was proposed to the United States Circuit Court of Appeals, but it was never perfected.

Dato, Trens, Joe Culver, a Long Beach fisherman, and C. J. O'Reilly, a salesman for a local sporting goods company, were the accused. Culver was witness for the government and escaped prosecution. O'Reilly was acquitted and Dato and Trens were convicted.

The quartette were indicted on July 1, 1916, and it was alleged in the bill that the guns had been purchased by the local firm in Hartford, Ct., on the order of Trens, for the use of the defendants. No sooner did the guns reach Los Angeles than they were seized by the government.

The ten machine guns that were exhibited in the trial are stored in the basement of the Federal Building, and were brought into prominence some time ago during the troubles of "Gen." Nicholas Senz Zogg, who is now serving a ten-year term in the Federal penitentiary on McNeil Island, for violation of the selective draft law. It was Zogg who sent Norbert Myles to the basement of the Federal Building to see the guns in the hope of trapping one Myers, a secret service agent of the Department of Justice, and pretending to effect a sale to Myers.

What is to be done with the machine guns is a nut for the Attorney-General to crack. The proclamation of President Wilson under which Dato and Trens were convicted made no provision for the seizure and confiscation of war material taken in the enforcement of the proclamation, and it is a question whether any previous regulations will allow the retention of the guns by the government.

The records in the case show that the local dealers were to pay \$500 each for the guns, and it was alleged that Dato and Trens were to pay \$5000 for the ten, or \$500 each.

(Continued from Third Page.)

by Toto and a long photoplay from a story by Bernard McConville at the Victory this week, you are assured of a pretty big bill for your money, especially as all this is only about half of the whole of it. The O. Henry story, "A Bird From Bagdad," is as humorous and fantastic as you are led to expect by title and author, and it is well played and photographed. The subtitles are a delight. May I modestly suggest that the riddle on which the story hinges, "What kind of hen lays the longest?" was solved by me—by me myself—as soon as it was flashed on the screen! Doubting Thomas, ask the lady who sat on my left. I murmured the answer aloud.

"Rosemary Climbs the Heights" is a dramatic story with many colorful and intimate touches. Rosemary Van Voort, a descendant of the Stuyvesants, is a little country girl who is induced by some visiting artists to go to New York to perfect her talent as a career of beautiful wooden dolls. There she climbs the heights and also descends into the depths, for damning circumstantial evidence points to her as being the murderer of a beautiful Russian dancer, her rival for the love of Ricardo, a violinist and composer. Things look black for innocent little Rosemary for a time, but she is saved from the chair in the nick of time—even though a clock punctured by a bullet seems against her in the trial.

"Rosemary Climbs the Heights" is well acted and well pictured, but some of the subtitles lack colloquial plausibility. They go on stilt.

SLIGHTLY BETTER.

First Assistant United States District Attorney Clyde R. Moody, who has been critically ill at his home for the past two weeks, was but slightly improved yesterday. He is suffering from a complication of influenza and appendicitis, and his physician is trying to avoid an operation for the last mentioned sickness.

STOCKER CASE POSTPONED.

By stipulation of the attorneys the hearing of a petition asking for a guardian of Mrs. Clara Baldwin Stocker was continued yesterday until January 15. The case was taken up by Judge Rives of the Probate Court and at that time it is expected that the big legal battle Mrs. Stocker is preparing to put up will be staged.

TWO DEATHS AT VENICE.

VENICE, Dec. 16.—Only three new cases of influenza were reported today. There have been two deaths within the past 24 hours. At the present there will be no reopening of school. It is expected that the situation will not require any further precautions other than quarantine of the houses where the disease exists.

BODY OF SLAIN MAN DUG UP.

Corporal, Partly Exhumed by Coyotes, is Found by Hunters in Desert.

(EXCLUSIVE DISPATCH.)

ONTARIO, Dec. 16.—What is believed to be the body of a man who was murdered perhaps three or four years ago was unearthed this afternoon by Sheriff J. L. McMin in the desert country to the east of this city. The body was first discovered by Francis J. Dygart, a prominent local merchant, while hunting with a party of friends. Originally buried under some two feet of sand, it had been partly exhumed by dogs or coyotes.

The body was dressed in a blue serge suit over which were blue bib overalls and was doubled up and wrapped in a piece of carpet. All identification marks had apparently been removed from the clothing and there were no cards or papers in the pockets to indicate the name of their owner. The man had red hair, and, in the opinion of Sheriff McMin, was 25 or 26 years old. Bicycle shoes were on the feet.

TO STUDY SCHOOLS.

Former Minister of Instruction of Chile Comes Here to Investigate American System.

Senor Pedro Aguirre-Correa, former Minister of Instruction of Chile, head of an educational mission to the United States, has arrived in Los Angeles to study the schools of this city for several weeks. With him is Max Salas, principal of the Normal School of Santiago, and Cornelia Urbina, principal of the High School of San Felipe.

"There is great interest in the United States now in Chile," said Senor Salas, and we have come to study the educational system, which seems to have had such excellent results in training citizens of a republic. Trade should be developed between California and all of the United States and South America, and this good feeling will grow. The educators will visit all the principal cities of the United States before returning to Chile.

WHERE IS THAT TEN THOUSAND?

Singular Revelations Made in McNamara Case.

Tuttle Says Harriman Told of "Covering Up."

Associate of Darrow Denies Imputed Statement.

(Continued from First Page.)

Tuttle said, at Job Harriman's colony in the fall of 1916.

HIS DENIES IT.

"No such conversation occurred at the colony," declared Mr. Harriman when he was called to the stand by Mr. Ryckman. "I never told Mr. Tuttle that I had sworn to false statements in the Darrow case because certain fees had to be concealed."

Mr. Ryckman and himself, Mr. Harriman stated, never had a controversy over fees. It was also stated that Mr. Tuttle took little active part in the McNamara case.

"Mr. Tuttle came into our office for two or three years after he went out of the firm. We were always pleasant until he had collected the first two or three fees, and he never spoke to me since," Mr. Harriman said.

Judge Finlayson in giving judgment in favor of Mr. Tuttle, said that there can be no fixed amount determined upon until there had been an accounting.

Mr. Ryckman said he would file a motion with the presiding judge for leave to file an amended complaint, asking for an accounting. The suit was filed after it appears the status of limitations had run as to an accounting, but under the ruling of Judge Finlayson, the firm of Harriman, Ryckman and Tuttle is not dissolved. Charles Farris is attorney for Mr. Tuttle.

COUNTY SELLS ORANGES.

While the county of Los Angeles is not a member of the Orange Growers' Association, yet it did a little business on the side in orange selling. Chairman Dodge of the Board of Supervisors has sold to a packing company oranges raised on the county farm to the value of \$2000. This money goes into the general fund.

IS MADE AN ENSIGN.

George M. Breslin, a member of the law firm of Smith & Breslin, has been commissioned an ensign in the United States Navy. He enlisted December 7, 1917, and received his commission exactly one year later. He is a son of T. P. Breslin, proprietor of the Standard Packing Company, and is a native son of Los Angeles.

"GOING."

J. G. Chen, of Main street in Los Angeles, does money talks. He attended an auction of various articles of the police, and a companion of the "Gone!" When he found that his bid was nearly \$100 in excess of the going price, he was so gone.

DESIGN.
"GOING, GOING, GONE!"
J. V. Chen of No. 745 Main street is convinced that he does money talk, but it is not so. He attended an auction at the South Main street yesterday, the police, and watched the sale of various articles to the "going, going, gone!" When he reached home he found that his pocketbook containing nearly \$100 in currency was gone.

A Place to Rest or a Bite to Eat After the Christmas Shopping

This is a busy month for everyone. Many of us left our shopping until the last and are making special effort to finish this task without delay. It will not always be possible to take our meals with any regularity.

To those who do not already know about it we want to say that we have five conveniently located dining rooms right in the heart of the city. Two of them are open from 6:30 a.m. to midnight, while the other three are kept open until 8 p.m.

You will find any of them most acceptable at any hour you chance to snatch a little rest or a bite to eat.

Our serving tables are loaded with a large variety of appetizing dishes for your selection. Drop in any time of day. Eleven o'clock in the morning—yes—or three in the afternoon.

We shall be glad to have you take advantage of the facilities offered by our special continuous dining service.

Morals Efficiency Commission to Investigate Employment of Girls in Theaters.
A general investigation of conditions surrounding the employment of juveniles in theatrical and motion picture work in Southern California was decided upon yesterday by Robert C. Barton, executive secretary of the Morals Efficiency Commission. E. B. Rice, special investigator, was assigned to the case. The attention of the commission was called to the matter when police juvenile officers prevented Miss Eleanor Hall, 16, and Miss Ellen Rose Voellinger, 14, from leaving the chorus girl engagement. It developed that the theater to which Miss Hall was to have been sent was the official "Smileage" Theater at Camp Kearny, and that the girls would have been in government employ and care. As representative of the law enforcement section of the War Department, Dr. Barton declared that the employment of minor girls would be stopped.

BARNES ACQUITTED.

Anaheim Piano Dealer Found Not Guilty by Jury of Alleged Misuse of the Mails.

Al G. Barnes, the Anaheim piano dealer, who was arrested about three weeks ago and taken to El Paso for trial as a result of a Federal indictment alleging misuse of the mails, was found not guilty by a jury in the United States District Court on the 16th inst. The complaint against Mr. Barnes was that he has misused the mails in connection with an advertising campaign conducted in the interest of his piano business. He alleges that the charges arose from the jealousy of competitors.

HELD AS PERJURER, CHANGED EVIDENCE.

George A. Smith was held yesterday by Justice of the Peace Forbes to answer a charge of perjury. Evidence showed that Mr. Smith changed his testimony at a coroner's inquest over the body of John Mats, when he appeared later before Justice of the Peace Hanby. Christie A. Schultz was charged with the manslaughter of Mats, but was discharged by Justice Hanby. It was alleged that Mr. Smith first said he did not see the fight that led to Mats' death, but in Justice Hanby's court gave a description of it. Justice Hanby was a witness yesterday.

While Herman L. Silver, a brother, is given the bulk of the estate of Cora E. Silver, who died here December 1, "a faithful and devoted maid," Angeline Sims Brown, is not forgotten. A petition for probate of the will was filed yesterday in Superior Court. The estate is estimated at about \$15,000. The brother receives \$100 cash and an annuity from \$10,000. Max E. Gluckman, a cousin, is a beneficiary, and the maid receives a half interest in valuable land at Buena, San Diego county. R. W. Emerson of No. 335 East Fifty-third street, receives the residence he occupies for the benefit of his two little children, Charles E. Toll and the brother are named as executors.

The Supreme Gift of All A Feagans & Co. GEM DIAMOND

THE fact that Feagans & Co. confine all their diamond selections to absolutely perfect stones insures for a gem gift from our stocks a degree of appreciation which it would be scarcely reasonable to anticipate for a similar gift from any other house.

The Feagans & Co. diamond offerings are among the most important, featuring many wonderful gem stones in the square, or emerald cut, the oval or navette shape, the oblong shape and the diamond shape, as well as the regular or round stones.

Our jewel cases contain many exquisite and exclusive gem pieces for men and for women—beautiful rings, brooches, bar pins and bar brooches; lavallieres, neck chains, ear pendants and ear screws; bracelets; lorgnettes, cravat pins, sleeve links and buttons and day and evening sets; fraternal and patriotic pins and rings and gem set watches.

Gem Gifts That Are Very Unusual

- A new platinum brooch, set with 55 full cut Feagans diamonds. An exclusive model of extraordinary smartness, \$875. Other brooches up to \$2500 and down to \$100.
- A very beautiful pair of platinum ear drops, set pendant style, with 4 perfect blue white diamonds, \$550.00.
- A beautiful platinum pendant and chain of unusual design, set with 35 full cut Feagans diamonds, \$525.00.
- A very handsome platinum lorgnette chain, made with long links of fancy design, set with 11 square or emerald cut Feagans diamonds and 14 round diamonds, \$1025.00.
- A smart set of platinum engine-turned cuff links, of new design, each set with one large Feagans diamond and one large sapphire, \$260.00.
- A very smart man's ring, extra heavy, of green gold with platinum inlaid lines, set with a fine perfect Weselton diamond and 3 calibre cut Oriental sapphires in each shank, \$550.00.
- A beautiful diamond paved platinum wedding ring, exquisitely carved on the sides and set with 25 Feagans fine cut diamonds, \$260.
- A very smart diamond shaped platinum brooch, set with 43 fine Feagans diamonds, \$750.00.
- A wonderful platinum ring watch of marquise shape, paved with diamonds and genuine emeralds in alternating lines, \$1250.00.
- An ultra-smart fine black opal scarf pin mounted in platinum and set with 16 fine Feagans diamonds, \$700.00.
- A very unusual platinum lorgnette, with chain to match, set with 86 Feagans diamonds and 21 fine sapphires, \$1575.00, complete.
- (Other platinum Lorgnettes down to \$125.00.)

PERFECT DIAMONDS ARE GROWING SCARCER EVERY YEAR, AND THEIR USAGE IS INCREASING IN FAVOR WITH PEOPLE OF REFINEMENT. THERE IS EVERY PROSPECT, THEREFORE, THAT PERFECT STONES WILL CONTINUE TO ENHANCE IN VALUE WHICH ONLY EMPHASIZES THE DESIRABILITY AND IMPORTANCE OF BUYING FOR FUTURE NEEDS NOW. AS A GIFT IT WOULD BE IMPOSSIBLE TO CONCEIVE OF ANYTHING THAT WOULD CONVEY MORE PERMANENTLY AND MORE DEEPLY THE FINE SENTIMENT WHICH IS REPRESENTED IN CHRISTMAS GIVING.

Feagans & Co., long famed for their wonderful pearls, show many very unusual gem pearl gift pieces. Perfectly matched strings of genuine Oriental pearls, \$175.00 to \$12,500.00.

MONEY'S VOTED TO FIGHT FLU.

Will be Used in Quarantine
Work and Advertising.

Health Department Reports it
has Situation in Hand.

Three-Minute Men are to Get
Into Action at Once.

In furtherance of its campaign to teach the public how to combat the influenza epidemic, the committee of business men recently appointed by Mayor Woodman appeared yesterday before the Council and succeeded in getting an appropriation of \$35,000 to be placed at the disposal of Health Commissioner Powers. The money will be used in the employment of quarantine inspectors and advertising.

In this connection, the health department reported yesterday that there are now 3319 cases of influenza and pneumonia under quarantine, of which 494 were quarantined Sunday, and that the department has now caught up with the cases here, so far as restrictive measures are concerned. It was also reported that the release of a number of cases from quarantine is now planned, and that such releases should increase as time passes.

Yesterday a total of 606 new cases of influenza were reported to the Health Commissioner. There were thirty-five deaths, as follows: Pneumonia, 8; pneumonia and influenza, 19. As but 197 cases and seven deaths were reported Sunday, this makes an average for the two

HAVE YOU RUNG LIBERTY BELL?

Purchase of a War Saving
Stamp Gives Anybody
the Privilege.

Have you rung the Liberty Bell yet? The question is being asked everywhere as a result of the street campaign for War Savings Stamps which began yesterday at noon.

Hundreds of persons bought War Savings Stamps at the twenty booths erected downtown on the main street corners, and each purchaser of a \$5 stamp was permitted to ring one of the large Liberty Bells installed. Within the first hour many booths had sold out their entire supply of stamps, and had to be reinforced from the county headquarters, where Chairman Motley H. Flint directed the work of the drive.

More workers are needed to handle sales, and to aid in canvassing the streets and downtown buildings. Anyone who can spare time for this work is asked to telephone city headquarters of the War Savings Committee (64101), or to call at room 304 Los Angeles Trust and Savings Bank Building.

days of 356 cases and twenty-one deaths each.

Before the Council unanimously voted for the appropriation, a conference was held in the Mayor's office. It was attended by the members of the business men's committee and others.

Watt L. Moreland stated that the committee has held several meetings and has decided that the best way to combat the epidemic is through a strict quarantine. He said the business men of the community are ready and willing to do what is within their power to assist the city.

The Council finally agreed that it would give \$35,000 to the Health Commissioner to use as he sees fit. This was satisfactory to every one concerned, and the Council voted unanimously for the appropriation.

Announcement was made that the three-minute speakers will be started on their work today, under the direction of Thomas G. Baker, and if the people will only adhere to the advice they give that the epidemic will be wiped out in the near future.

The ravages of the "flu" have been so great in the poor sections that the Outdoor Relief committee has expended for six months ending the 31st inst., will be \$10,000 in excess of its appropriation. Many orphanages have been gathered in by the relief work, their parents having been swept away by the epidemic of influenza. The Supervisors will arrange to take care of this increased expenditure.

NEW CLASSES FOR SCHOOL TEACHERS.

PHYSICAL EDUCATION WORK
TO BE DONE WHILE THE
"FLU" BAN CONTINUES.

It was announced yesterday that a new course has been developed for the elementary school teachers of Los Angeles during the present closing of schools. This will mean a better knowledge of physical education for the school children, as required by the new State law under the supervision of Dr. Hetherington.

The assistant supervisors of physical education in the public schools, which will include both practical and theoretical work. These classes will be conducted twice a week in the Y.W.C.A. gymnasium, No. 251 South Hill street. A gymnasium costume or comfortable dress will be required.

Classes will meet as follows: Kindergarten, first and second grade teachers will meet Mondays and Thursdays, of Tuesdays and Fridays from 1 to 2 o'clock. Third, fourth and fifth grade teachers will meet on the same days from 2 to 3 o'clock. Sixth, sixth and seventh grade teachers will attend on Wednesdays from 3 to 4 o'clock, beginning tomorrow.

Teachers who complete this course will be released from taking the instruction next year.

STATE MONEY READY FOR FLOOD WORK HERE

Quarter of a Million Dollars is Made
Available by Pact Signed
Yesterday.

County officials yesterday signed a contract with the State by which the latter will pay \$250,000 of the \$1,000,000 appropriated for flood-control work. Chairman Dodge calls attention to the fact that this money is not for any particular project in the flood-control scheme, but for the work in general.

San Fernando Valley will benefit immediately by the expenditure of \$250,000 in chaining the floodwaters of the Big Tujunga. The flood-control district will construct riprap on either side of the river. Yesterday S. M. Adams and three men were instructed to do location work at the wash. Land values will increase largely after the river is chained into a normal course, it is stated.

Rights of way are to be furnished by the "anchorage" to be benefited. If this is not done, it is probable that the riprap will not be constructed.

MUFFLE SAFE, BLOW IT OPEN. Burglars who carried a safe to the rear of the building and muffled it in many linen table cloths before blowing it open, obtained \$750 from the Colonial Cafeteria, at No. 631 South Hill street, early yesterday morning. The burglary was discovered when A. H. Waller, the proprietor, opened the place for breakfast. Detective Sergeant Beaumont and Roberts were detailed to the case.

NEW TURN IN FLU TANGLE.

Pasadena Situation Becomes
More Interesting.

Dr. Black Promulgates New
State Board Order.

Prohibits Gatherings Exceed-
ing Twelve Persons.

[LOCAL CORRESPONDENCE.]
PASADENA, Dec. 16.—The influenza regulations continue the chief topic of conversation in Pasadena. It was widely reported through the city today that Dr. Stanley Black, city health officer, had been conferring with the military authorities from the balloon camp with a view to placing the city under martial law, by way of enforcing the State Board of Health regulations. This report, however, proved unfounded. The chief development of the day was the promulgation by Dr. Black of a new order from the State Board of Health—superceding the one received Saturday—which not only prohibits public gatherings in any church, theater or other place, but all private gatherings of more than twelve persons in the city of Pasadena.

However, the trace between the theaters and certain of the churches and the Pasadena City Attorney's office, agreeing to no interference with office or movies until the latest order is tested out in Superior Court, continues. It is announced here that the test case will come up in Superior Court Wednesday and in the case, however.

RED CROSS CANVASS ON.
The War Savings societies of Pasadena, which have handled the de-
tail of practically every war
enterprise since they were organized,
started out today on the canvass of
the city for the Red Cross membership campaign. There is a war so-
ciety in every precinct in the city
and every household in town will be
visited.

JUDGE McDONALD MOURNED.

The whole city is sorrowed by the death of Judge Robert W. McDonald of Pasadena, Justice of the Peace and widely known humanitarian. Judge McDonald died at his home here Sunday. It was stated today that his death was due to heart trouble and not influenza. He had been ill for several weeks, but had shown marked improvement in the last few days.

The new sapphire pearls in brooches, rings, pendants and necklaces are low-priced and beautiful at Grace Nicholson's Famous Gift Shop. Also a full line of wonderful Butterfly jewelry and trays, oriental beads, jade jewels, amber and seed pearl necklaces.

"FLU" DISAPPEARING FROM BAY CITIES.

[LOCAL CORRESPONDENCE.]
SANTA MONICA BEACH, Dec. 16.—Encouraging reports on the Spanish influenza continue to be received at the office of Dr. F. J. Wagner, health physician. The report for Sunday and Monday only totaled six new cases. A week ago the new cases were running about fifteen a day.

DIES OF INFLUENZA.

[LOCAL CORRESPONDENCE.]
SAVATELLA, Dec. 16.—Mrs. W. H. Bowers, wife of former City Attorney Bowers, passed away last evening, her death being caused by influenza. Mrs. Bowers was a member of the Santa Monica Club and prominent in musical and social circles. The funeral services will be held Tuesday afternoon, from the Savatella Undertaking Parlor.

SURGEON-GENERAL SAYS "FLU" STILL WITH US.

[BY A. P. DAY WIRE.]
WASHINGTON, Dec. 16.—Danger of relaxing efforts to check the spread of the influenza was emphasized again today by Surgeon-General Blue of the public health service.

"The epidemic is not ended," the Surgeon-General said. "Any statement at the present time that the epidemic has 'come and gone' for good can only do harm, for it will lead people into a false sense of security and cause them to relax the precautions."

DANIELS TO ASK SUBMARINE BASE.

Before He Comes Here Next
Summer will Ask Congress
for Appropriation.

Josephus Daniels, Secretary of the Navy, yesterday wired Mayor Woodman stating that he will visit Los Angeles next summer and will recommend to Congress that an appropriation be made for building a submarine base at the harbor. "I am confident the recommendation by Secretary Daniels will have great weight with Congress," Mayor Woodman said. "The Secretary is conversant with local conditions and I believe he is taking a personal interest in the situation. We surely do need the submarine base and the fact that Secretary Daniels is for us leads me to believe that we will get about all we want."

OIL PIONEER DIES.

Man Who Introduced California As-
phalt in East Had Occupied
Same Office Twenty Years.

James A. Dubbs, pioneer oil and asphalt refiner of the State, died suddenly late Sunday night at his home, No. 138 San Vicente boulevard, Santa Monica, following a hemorrhage and stroke of paralysis. He was 61 years old, and was widely known among oil men throughout the country. He introduced California asphalt into the East, and was president and manager of the Pacific Petroleum-Alum-Sulphur Company, which had offices in the Tajo Building, which he had occupied for more than twenty years. He was also associated with the Universal Oil Products Company of California.

BODY OF EX-JUDGE SILENT IS CREMATED.

Funeral services for former Judge Charles Silent were conducted yesterday afternoon at the Silent home, No. 2407 South Flower street. Dr. George Davidson, pastor of St. John's Episcopal Church, officiated. The pallbearers were Henry W. O'Melveny, J. O. Koepf, former Senator Frank P. Flint, Walter Haas, O. H. Stevens and Sumner P. Hunt. The services were private. There were numerous and beautiful floral offerings. The body was cremated at the Los Angeles Crematory, and burial was at Rosedale.

DIES OF INFLUENZA.

Marie Teresa Bullock, wife of H. B. Bullock, an automobile man, died Sunday night at the family residence, No. 7035 Holmes avenue, of influenza. She leaves two children, Marjorie, 8, and Miles Tracy, 2. The funeral will be held this afternoon from the Pierce parlors.

JOSEPH DOCKWEILER DIES.

Joseph Andrew Dockweiler, son of Mrs. Margaret Dockweiler and brother of Isidore B. and John Henry Dockweiler, died at St. Vincent's Hospital yesterday. He was nearly 13 years of age. The funeral will be held tomorrow morning at 9 o'clock from St. Vincent's Church. Burial will be private.

HOLD BOYS FOR MURDER.

A complaint charging murder was issued yesterday by Deputy District Attorney Helmecke against Manuel Rojas and Joe Flores, charged with the slaying of Antonio Pares on November 17. While the boys are under age, Judge Reeve advised that they be tried under the general law instead of in the Juvenile Court.

EMERSON FUNERAL.

Funeral services for Willis George Emerson, real estate man and author, who died Tuesday, were conducted yesterday afternoon in the chapel of the Connell Company, with Rev. Baker P. Lee officiating. Earle C. Hoar sang. At the Rosedale Crematory the Masons conducted services.

MAY GET PROBATION.

If a job can be found for Leslie Wheeler, 19 years old, where he can work daytime and attend night school, he will be given probation. It was announced from the bench yesterday by Superior Judge Davis S. Craig. The youth is charged with burglary of a motorcycle from the store of Mrs. Willis A. Rowe of San Fernando. He pleaded guilty and applied for probation.
